"The big brother to the 10'8"BG. The plan was to build a combo 'Big Guy'/ Gun blank, ala 'BG', that could be offset-cut narrower for performance Guns, but have a built-in wider stock width suitable for many different options. The bottom and deck contours are fairly flat in the stringer area to enable this. The rocker is universal and the Natural Rocker should offer many design opportunities due to ample thickness in the nose and tail areas."
